Message from the,

Chancellor,

Dr. Arif-ur-Rehman Alvi

(President of Islamic Republic of Pakistan)

Shaheed Zulfiqar Ali Bhutto Medical University.

Being an emerging Medical University, our hallmarks include striving to achieve international standards of excellence; problem-oriented research that improves quality of life for the public at large; embracing pluralism; and dedication to ensuring that our academic programmes and healthcare services are accessible to the disadvantaged.

Addressing complex social problems requires action in multiple arenas, collaboration by experts in different fields, and the ability to work with varying multidisciplinary experience. SZABMU strives for provision of education in order to prepare ethical leadership, thoughtful citizenship, service to the society, and success in the global knowledge economy.

As we go through a difficult time fighting against the COVID-19 Virus and the major disruption it has created in our lives, I would like to thank our students, faculty and staff of SZABMU along with all the healthcare professionals for their dedication, sacrifice and facing a myriad of challenges with courage and resilience.

At SZABMU, we must strive to face these challenges as a team, including students, faculty and staff members, so as to rise to their best potentials, identify their strengths and acquire much needed lifelong learning skills for academic and social pursuits.

As a future vision, we must pursue groundbreaking research on deadly diseases, educating the next generation of leaders here at their Alma Mater and at renowned universities around the world, using technology that deliver solutions to help the society and heading relief efforts in areas racked by conflict and catastrophes. In addition, working to ensure that every human receives the needed vaccinations and that those are very timely.

I wish SZABMU a bright future in the coming years.

Message from the,

## Vice Chancellor,

Shaheed Zulfiqar Ali Bhutto Medical University.

Shaheed Zulfiqar Ali Bhutto Medical University is committed to establishing a state of an art health care sector in Pakistan. It has been planned to support improvements not only to match internationally acceptable medical education standards but also an alma-mater of medics second to none in the region. Our primary focus shall remain the establishment of research infrastructure right at the outset coupled with research-based teaching both at the undergraduate and postgraduate level so as to establish a culture capable of exploring new dimensions and introducing innovations in the healthcare delivery system.

Our earnest and honest endeavor at this University shall be to establish a most modern and efficient model of the healthcare system by enhancing the capability and capacity of both mentors and their subjects so as to produce leaders capable of transforming health care par excellence for the nation and the humanity.

The University is dedicated to simultaneously promoting basic along with applied medical disciplines, medical administration, public health, nursing, allied health sciences, genetics, biomedical and biological technologies, on the campus and through its constituent as well as affiliated institutions.

This University undertakes the challenging responsibility of ensuring transparency merit-based proceedings which shall lay the foundation of producing the best caregivers for the motherland in particular and humanity at large. I have a firm conviction that this university will provide unmatched opportunities to the faculty and all entrants to grow to the best of their potential to be identified as premier healthcare providers in the country and abroad.

In the Year 2020, University launched a number of programs which include, M.Phil Molecular Biology, M.Phil Physiology, M.Phil Pharmacology, Master in Public Health, Certificates course in Health Professions Education, and Diploma in Clinical Research.

May Allah grant us fortitude and steadfastness to rise to the expectations of the society and the nation in a befitting manner (Ameen).

## About SZABMU

Shaheed Zulfiqar Ali Bhutto Medical University, Islamabad was established through an Act of Parliament on 21<sup>st</sup> March 2013. The first Vice Chancellor was appointed by the Chancellor, President of Pakistan, on the recommendations of Search Committee on 7<sup>th</sup> January 2014. Pakistan Institute of Medical Sciences (PIMS) Islamabad is the Teaching Hospital of Shaheed Zulfiqar Ali Bhutto Medical University.

The Federal Medical College and School of Dentistry are the Constituent Medical and Dental Colleges of the University. The Pakistan Institute of Medical Sciences (largest tertiary care hospital in the capital) and

the Dental Hospital are the attached teaching hospitals. There are over 20 Medical, Dental, Nursing and Allied Health Sciences Institutions in the Federal Capital Territory that are affiliated with SZABMU.

Since its inception, SZABMU has successfully standardized the curricula, brought uniformity in the quality of healthcare education, examinations transparency, and the award of Undergraduate and Postgraduate qualifications on merit. Over the last 7 years, there have been many peer-reviewed publications in both National and International Impact Factor Journals, highlighting the emphasis placed on quality research.

The University offers structured Residency Training programs in 40 disciplines of Medicine and Allied, Surgery and Allied, Dentistry and Allied Health Sciences. M.Phil. and Ph.D. programs are offered in Basic Medical Sciences as per HEC policy.

The degrees awarded by the University are recognized by HEC and our Graduates/Postgraduates have received appointments as faculty members, clinicians and researchers both at the National and International levels.

## **SZABMU VISION**

The constant endeavor of SZABMU is to meet the educational needs in the area of Health Studies and to provide state of the art learning opportunities along with inculcation of values of professional commitment and uprightness.
